SUPERINTENDENT'S MESSAGE

I would like to take this opportunity to congratulate the class of 1971 on their successful completion of the prescribed course of study in the Hayes County High School System.

For Some of you this marks the end of formal education. For others it is merely another step. For none of you does it mark the end of learning. I can only hope that each of you has gained a good enough background to prepare for the many varied challenges you will face.

Each has been given the opportunity to learn. I sincerely hope that you have been wise enough to grasp that opportunity.

Good Luck! May each of you reach the goal he strives for.

Vernon Baker, Principal

PRINCIPAL'S MESSAGE

To this year's graduating class goes our sincere wishes for a successful and gratifying future. You will have the privilege of living in the most exciting and stimulating age in man's history. With this privilege comes the responsibility of learning to cope with the challenges facing man today. You will be held accountable for the kind of world you pass on to the succeeding generations.

We hope that each of you will realize the ambitions and aspirations you have developed while a student at Spring Hill High School. May you put your trust in God and strive to be trustworthy men and women.

COUNTY GOVERNMENT DAY OCTOBER 16

The Juniors enjoyed another County Government Day; they filled the office of the duly elected officials, and they learned many of the duties. The hilight of the day was the trial of Mr. Foster. Revealing photographs and apt evidence at the trial allowed the attorney (LeAvis) to gain a conviction on possession of drugs against Mr. Foster. The defense attorney (Bev) proved insufficient evidence for the "Indecent Exposure" charge. The county officials, The American Legion, and The Legion Auxiliary are to be thanked for sponsoring the day, and they treated the students to a turkey dinner. Mr. Reimann sponsored the American History class.

Greg Schneider was a four time winner for the team, setting two records and tieing one. He also anchored the relay. Rocky May also did a fine job, setting a record in the 440 and placing 2nd in the 220, he is also a member of th 880 yd. relay team. Although the relay team ran a slow 880 yd. relay time, we feel they did good considering two of the team members dropped the Baton, fell down and still came in 4th. Robert Wilson and Randy Messersmith are the others on the relay team.

PROPHECY

The year 1991. We have just entered the famous Magic Carpet Airport at H.C.H.S. Mr. Vernon Baker will be our guide on our trip. He is gliding along very smoothly, when he bumps into an angry-looking cloud and falls off the carpet.

As he falls he lands on the back of Debra Bodeman's purebred black stallion which she is racing at the Kentucky Derby. Quick-acting Debra rushes Vern to the General Hospital. He is rushed to the operating room where the famous Dr. Lana Peterson and head nurse Donna Nickerson are sharpening their knives for their next patient.

After Vern is released from the hospital he spots a bright orange limousine with beautiful women and legs overflowing from the car. He bravely walks toward this mouth-watering sight and spots a friendly face Larry Porter, who is Senior Executive of Schlitz Brewing Company.

We are now flying along and to our ears comes this strange sound gobble, gobble! As we zero in we discover Richard Patterson feeding his turkeys. Seems he now owns the world's largest turkey farm. Richard informs us that Craig Palic is his nearby neighbor, raises purebred ducks and in his spare time is County Commissioner.

It is approaching the noon hour and we hear Rita Shafer screaming "Dinner!" so we eagerly enter. We are fascinated to see 19 little Ericksons. It is plain to see we must eat and run.

Flying low we crashed in a T.V. antenna. We stop to see if we did any damage and saw Bev Gigax, now Bev Gartrell, watching cartoons and between cartoons reads her sociology book. We soon discover Bev's kids are as ornery as she was. From her we find out Rhonda Gathman Hiatt is a housewife, psychologist and Miss Bubble Gum '1991'. Bev also informed us that Rick Brush owns all the bubble gum factories in the world. Rick, a retired millionaire living on a farm, is attempting to create a piece of bubble gum which will last Rhonda two days instead of one day.

We are on our way when Vern thinks it is time for some excitement, the Super Bowl is in progress. Kent Weskamp, right guard of the New York Jets '81' just tackled Kirk McKillip the water boy. After the game we chatted with our two heroes and soon were told Kirk is the janitor at H.C.H.S. so he can spend all the time he can with Dori. Going back to our Magic Carpet we spotted a red flashing light and a big patrolman had just stopped a little blue Maverick. We discover that Judi Albeke Loomis hadn't still found enough time to get her driver's license. She has two sets of twins.

Riding along smoothly we decided to look up Randy Messersmith the owner of the largest ranch in the United States and Kenneth Tidyman his foreman. We saw Kenneth feeding Randy's horses $100 bills. Randy told us that Mike Brenning is a farmer and as poor as ever. Also, Mike is a very good marriage counselor after being married 21 years.

We decided to go have a little short snort and find that Debbi Fielding is a hat-check girl and believes in big tips or you won't get your hat back. As we entered the dark smoke-filled room we see Margaret Jeffers a go-go girl dancing very wildly to Jim Brown who is now Tom Jones of 1991. Jim is also trying very hard to win that wonderful award "Playboy of the year." But Jim must first take out that sexy Bill Jirik who is one of the richest movie producers around.

It is getting very late so we must get Vern home. As a storm starts all of a sudden he turns into a toad. (Oh well, you can't win them all, Vern).

As our guide goes hopping down the hall he sees white socks and the lovers still holding hands nothing has really changed here.

So our guide says goodbye to us "Re-beep-Re-beep" and goes home to explain to his wife that he knew that class of '71' would do something tricky to him sometime.
